This year has really been a rite. We've been through a lot together. I'll never for get Oct. 24,69 the night we met Paul and Charlie. That was really raticat. You know I really love Paul after all he's done to me. I'll never in my life forget him. Did you know that Charlie still has the biggest crush on you you've ever seen. It's really ratty of your dad for him not to let you see him. We'll never forget all the good times we've had with them. Remember the night of my party when they came in drunk. We really had a good time that night, besides Paul almost breaking my thumb. Did you realize I went with him for 6 months. It was the best 6 months of my whole life. You know you are absolutly right Charlie makesout really fine, but Paul is still better. Well I'm almost out of stuff to say. But just I have to write about Mike. Isn't he a sweety. Not really I like him a lot but just as a good friend and to have someone to date. Bye Bye for now.

September 2, 1969—2884 students pass through startlingly white arches set against a backdrop of brilliant blue sky. We come in as strangers seeking friendship, happiness and achievements. A new September—a new school year—a new attitude. The months pass quickly by and the color of the leaves and the drop of the thermometer readings bring realization of an event close at hand. We leave wishing good will and cheer to all we encounter. Then the time arrives. The sun sets on 1969 and rises the next morning to cast shadows off arches set against a new sky. A 1970 sky. A new morning—a new year—a new decade. Gone forever are the 1960's—they remain only in textbooks and memories. We must look to the present—1970. For some it means graduation and progression into another world, for others just the road leading to it. These thoughts lie dormant in our minds until that last 3:30 on May 29, 1970. We pass once more through our three arches, stand to reflect on the year past and then rush off with thoughts of expectations for the summer and the new year.

WHS — Growing In Size

The signs of growth became very visible around WHS beginning in the Spring of 1969. Due to a prolonged strike, it remained obvious until the Spring of 1970. Seasons changed and so did the construction. Fall came bringing mammoth bulldozers, cement mixers and a multitude of pay-by-the-hour workers. A foundation was laid, and so were endless strings of dirt-encrusted tire tracks. The school year creeped slowly into December and the Winter season. Along with holiday spirit came frequent downpours, and even a surprise hail attack. Soon the endless strings of tire tracks disappeared to be replaced by deep lagoons of mud. No longer could one walk to the parking lot—he was forced to wade. The hallways became highways for cast off mud, and desks showed of dried dirt where a "thoughtful" person had scraped the morning's wading off his shoes. The buildings grew and trucks filled with tar, bricks and insulation appeared around the construction site. Birds sang, trees budded and the near completion of the new wing announced the coming of Spring. To nature lovers the blossoming of flowers and new-born sparrows are miracles—to us a completed wing seems even nearer to one.

And Number

A very obvious fact around Westchester is the "population explosion." Beginning in 1967 Westchester opened its doors to 1,860 students. Now, two years later, Westchester boasts of its increase to 2,884 pupils. This overcrowding becomes very obvious around 3:30, when it seems most of the school is trying to get through the same escape-hatch—the Snack Bar door. Of course, this is a very good way to become close friends with a person. Open slide rules, trombone cases, dirty gym suits and socks provide perils for the daring person who decides to brave this route. For the less nervy person there is always an alternate escape plan—the arches. But this person misses half the fun of WHS—meeting its people.

But Still A Place For Fun

Despite the changing conditions, WHS developed a vibrant and happy atmosphere, achieved through its student body. The fun began with Homecoming Week, the time all Senior boys look forward to and administrators greet with Excedrin bottles and free passes to Saturday sessions. Wood was "found" in the strangest places, which began a pile ending in what definitely was the best, and most trouble free bonfire in the history of the school. The Senior girls also participated in the festivities by dragging their weary bodies out of a warm bed to create a masterpiece sculptured in toilet paper in a football player's trees. Soon after football season ended, Senior Carnival began. It will never end—the paint still lingers from the body painting booth and the water still remains waiting for another victim to be thrown in. The theme was Tucson—the Wild West—which was quite fitting. Instead of bounty hunters, the "wanted" were pursued by a Senior boy with a glint of mud in his eye. The Seniors were not the only ones who chased after the unsuspecting students. For awhile, money-hungry Juniors with carnation stains between their teeth seemed to be lurking behind every locker bank. Although a place of higher learning, Westchester also achieved the standard of a place where fun could always be found.

Moments Of Pride

To excel is to achieve, to achieve is to bring recognition, to bring recognition is to instill pride. At WHS we have witnessed many moments of pride. We have reflected in the light of a masterpiece of architecture and watched the crowning of the Queen for whom the bonfire was dedicated. A feeling of pride shown in our eyes as we cheered V-I-C-T-O-R-Y after the Memorial game. Many trophy cases around the school are filled with the results of achievement and hard work which our different departments have strived for and captured. For some, achievement and pride come in the form of an 'A" on a Calculus K final, for others a winning score, and for many a year well-done.

Moods Both Silly And Carefree

Although students at Westchester had a busy schedule, there always seemed to be a little time left over for some fun. Be it during study hall, homeroom, lunch or weekend activities, you could always bet on being able to catch someone in the act of being himself. The parking lot and construction area provided plenty of "playground" for the very young in spirit. Dump trucks, fork lifts and many planks and boards provided many active moments for many people in many moods. The Snack Bar also drew many idle wanderers by providing music from a jukebox. There was always someone there, maybe dancing while no one was looking, singing, humming of studying done the only way possible—to music. Winter and fall passed bringing the carefree, loving days of Spring. Along with them came the ever-frequent sight of surfboards just waiting for that 3:30 bell, and often not even until then. Now school is drawing to a close and the days of summer are rapidly approaching and the silly and carefree days of 1969-70 will be soon forgotten.

This Is Westchester

Throughout the past year WHS has changed drastically. It has kept GROWING IN SIZE AND NUMBER, expanding to 2,884 students. Although it's such a large school, it still remains a PLACE FOR FUN, where one can come to fly a kite or put on skates and roll. Along with fun comes pride. Pride of one's school, pride of its achievements and people. This year we have witnessed MANY MOMENTS OF PRIDE, beginning with our first cautious step through the arches. As we got used to WHS and its curriculum, we learned how to be ourselves. We have shown this through MOODS BOTH SILLY AND CAREFREE. On the preceding pages you may find THIS IS WESTCHESTER.

Students also bound books, made collages, and generally put in a great deal of time sketching.

1969-70 Year Of The Wildcat

Westchester's 1969-70 school year began with an upheaval in the administration, and the start of construction on a new wing. Still, the energy of the student body continued as plans on paper materialized. Football season brought excitement with the bonfire and Homecoming, while the Senior Carnival gained fame as the biggest mudbath in history. The Drama Department productions of *Star Spangled Girl* and *South Pacific* were received like they were Broadway hits. Later on, the carnation sale introduced the Juniors to the responsibilities of becoming Seniors. Adding to the many phases of life at WHS was the fringe benefit of open campus allowed to Seniors—a long awaited privilege.

Flickering Flames Tell Tales Of Victory

The prelude to any big game is a monstrous bonfire to rally spirit and unity; the Homecoming game called for all of that from WHS. The creation of the bonfire by the Senior Organization of Boys led the spirit of the student body, and it was topped by the famous "12x12x12—HA!" declaration. Embers still glowed far into the night in testimony to the impending victory.

Look Out: Here We Come

After long months of endless exercise and practice, the 1969 Varsity season opened with more than 45 experienced, enthusiastic Wildcats. By each contributing their part, they pulled off a remarkable 6-4 season in the third year of play. Under the direction of Coach Charles Dexter, the Cats won all but one non-district game. But once again district was disappointing: both Spring Branch and Spring Woods creeped by on field goal boots. The Cats came back however by stunning Memorial a second time proving that the Wildcats really are the mightiest.

Sophs Sport 7-3 Season

The Sophomore team sported their best season ever with 7 wins and three losses. The three outstanding players cited by Coaches Robert French and Lonnie Riddell were: Wally Harris and Jamie Glenn on offense, and Doug Shotwell on defense. Freshmen Win District Crown

The Westchester Frosh captured the first district championship ever won by a Wildcat football team. The 9-1 season was due to a great team effort both on offense and defense. Defensively, the Cats allowed only an average of 59 rushing yards per game and 98 yards total offense. The secondary intercepted 17 passes, while allowing only 23 completions in 88 attempts. The offense scored 250 points to only 38 for the opponents. They had over 2300 yards rushing and over 500 passing. The Frosh were under the direction of Coaches Dave Thurmond and Dave Green.

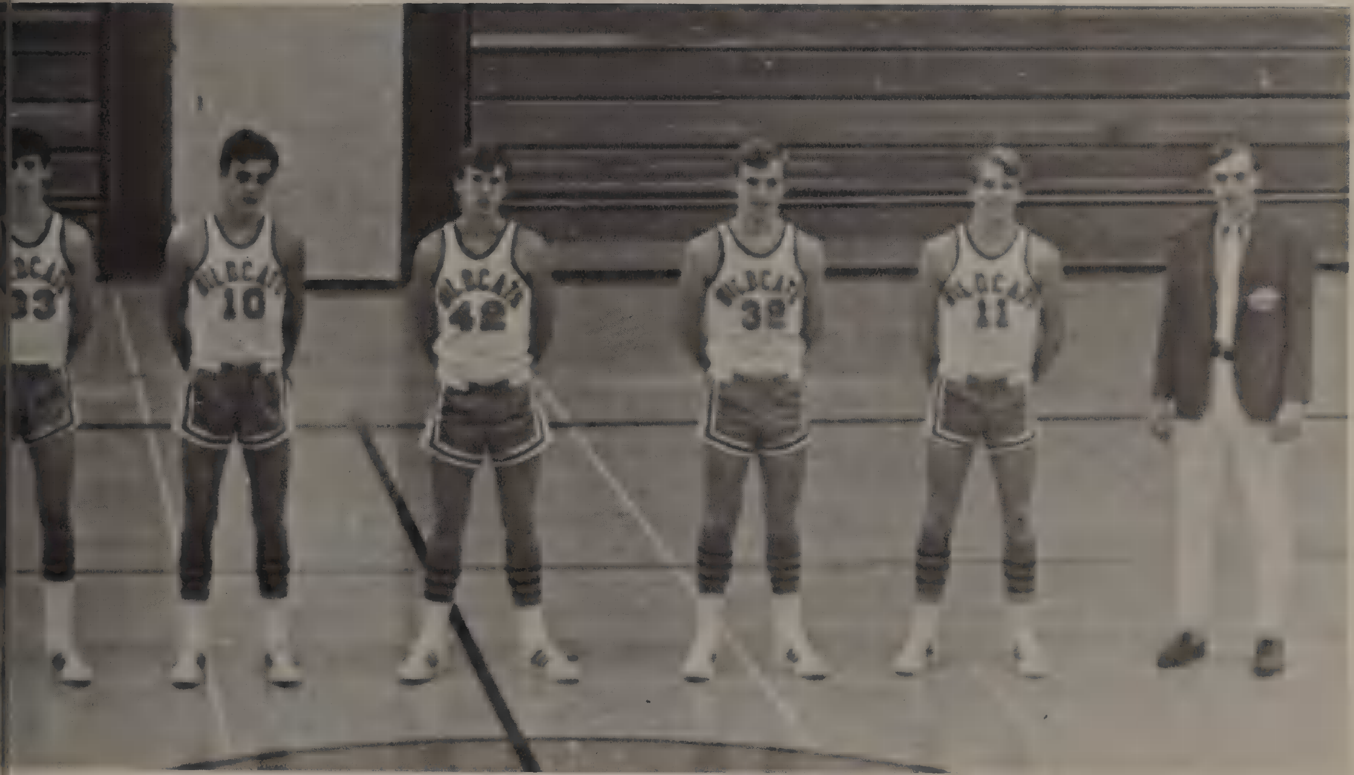
Bounce, Bounce, Bounce

The success of the 1970 Varsity basketball team was due to the efforts of twelve dedicated individuals under the guidance of Coach Randall Holloway. There were many exciting games as Wildcat crowds cheered for the five starters: Wil Terry, Tom Bailey, Loren Clay, Gary Trentham, and Mark Hall. When district arrived, the Cats beat Conroe twice and split games with Spring Branch. Only state-ranked Memorial and city-ranked Spring Woods managed to get by the Fighting Wildcats. With potential and drive, the team earned a solid 22-10 season record.



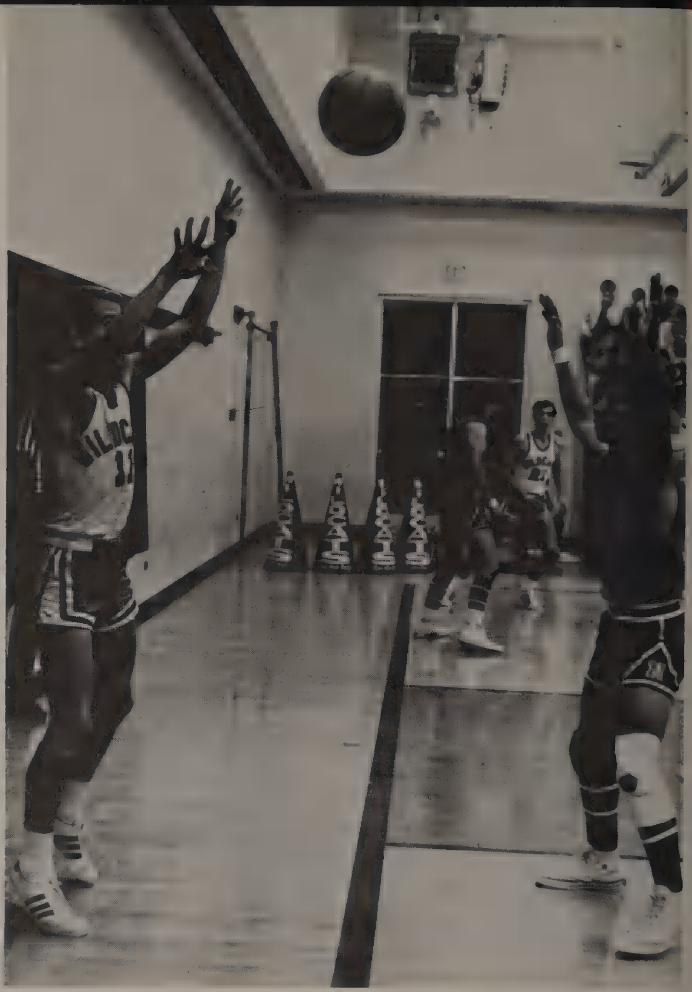
Tom Bailey (33), Paul Scott (10), Steve Horner (42), Gary Trentham (32), Wil Terry (11), Steve Wilson (Trainer).

Northeast Invitational Tourney

The Cats traveled to San Antonio to place third in the Northeast Invitational Tournament. The contest of skill swung in Westchester's favor from the start when they defeated San Antonio Marshall and San Antonio Edison to advance to semi-finals. The WHS dribblers lost to state-ranked San Antonio Highlands but in the competition for third place, WHS won over San Antonio MacArthur to obtain the crown.

Fort Worth Optimist Tourney

With their best foot forward, the Westchester basketball men were the "conquerors of the court" in playing Fort Worth Carter and Western Hills. Sporting these victories, they went on to semi-final play where the Wildcats lost to state-ranked I. M. Terrell and R. L. Turner to take 4th place honors.



Wil Terry puts the ball into play against North Shore.

Mark Pollock receives the ball from Rob Stephens in the non-district game against North Shore.

Mark Hall (55), stretches on a rebound with Spring Branch.

Memorial

Westchester faced Memorial for the first district battle of the season. After a seven game winning streak, the Cats lost to the Mustangs only in the fourth quarter, 66-49. The Cats held through the third period with the score 41-39, but Memorial proved too much and pulled away in the fourth. Wil Terry sank 14 for Westchester, while Gary Trentham and Steve Horner both added 9. The second encounter with the Ponies was February 10 on their court. By this time, state-ranked Memorial was going strong in district and pulled over a 94-50 win. Gary Trentham managed to total 11 points, while Steve Horner was one point behind him with 10.

Conroe

The Westchester Wildcats boasted their first district win with the defeat of the Conroe Tigers 62-48. Tom Bailey scoring 21 points, and Gary. Trentham with 16 were the top scorers that helped in handing Conroe their second district loss. On January 30 the Orange and White met the Tigers in a game that again ended in defeat for Conroe by a tremendous count of 83-60. Along with Steve Horner, who racked up 16 points. Tom Bailey was the "tops in points" for the evening with 24.

Spring Branch

Westchester traveled to Spring Branch for the third district game. Despite a great effort the Bears won, 70-59, and handed the Cats their second district loss. Loren Clay with 10 points, was second to Gary Trentham's 28. The next time the Cats met the Bears was a different story. Westchester came from behind in the second half to beat the Bears 54-49. Tom Bailey was high man with 17 and Steve Horner tallied 10.

Spring Woods

In a tensely close game, Spring Woods barely slipped by the Cats with a 62-56 win. A capacity crowd watched the scoreboard change from minute to minute, which often showed a tied up tally. Wil Terry and Gary Trentham hit the basket for 18 and 16 points, respectively. In a second match with the Tigers, Westchester lost again to their tough rivals 50-70. Tom Bailey with 10 points and Loren Clay with 8, were named as two noteworthy players of the game.

Mark Hall (55) aims for the basket as Memorial's defense looks on.

With the backing of team mascots, Tom Petty and Bob Reese, the cheerleaders performed a necessary duty: that of unifying a school through spirit. They managed to bring Westchester to the pinnacle of its spirit performance through the sale of balloons, the initiation of the spark plug award, and the posting of spirit posters. Mrs. Rosie Lewis, newly appointed cheerleader sponsor, brought with her fresh spirit-boosting ideas. Together they achieved a climax of that "orange and white spirit."

Volleyball Girls Serve For Westchester

Volleyball is a hard-driving, fighting game that commands highly developed individual and team skills. This year's team was composed of twelve dedicated Varsity girls and twenty-three underclassmen. Miss Gracie Alderete predicted a winning season and named the Spring Woods Tournament and the McCollum Tournament in San Antonio as the two big contests before the start of district play.

Golfers Prove To Be Swingers Of WHS

The fourteen members of the golf team put in long hours after school and on the weekends to carry on a winning tradition at Westchester. Play opened March 1 and 2 at the Northeast Tournament in San Antonio where the team met with rough competition. Coach Ronnie Laurence entered the golfers in eight tourneys this year. With five returning lettermen, they came out high in district play, which began in mid April. Dave Patterson and Elroy Marti were cited as the two stand-outs in golf.

Cats Make Tracks

This year's Wildcat Cindermen boasted the best all-around team Westchester has had in its three years. It featured such noted competitors as Frank Anderson, a national record holder in the intermediate hurdles; Mike McElveen, one of the state's best Pole Vaulters; and the fastest mile relay team ever. Field events were the leading asset, composed of two or three fine athletes in each event. Many school records were broken and new ones set this year in track and field.

Tennis Team Keeps Up The Racket

Tennis is the one sport that lasts twelve months of the year. Beginning in September with the Fall Conference, the Westchester tennis team, under the direction of Mrs. Jane Bruns, began practicing for what was to be their best year ever. With players such as Becky Walker, Kermit Smith, and Maida Walker, the "Love Set" placed in tournament after tournament. Mid April brought about district play, and the Cats continued to prove they were best. Next year promises to be just as great as this one was.

Batmen Hit Home

The Wildcat baseball team played a demanding schedule of 26 games this year. They ranked high in the Conroe and Pasadena Tournaments before facing three of last year's Houston area champs. March 2 marked the beginning of pre-season play against Aldine. Hopes were high as district play began on April 3 against Spring Woods, last year's district champions. Steve Furber, all-district last year, headed a select group of 18 players. Tim O'Shields and Jeff Martin, lettermen for the last two years, were back to strengthen the left side of the infield. Coach Robert French was very proud of this year's team.

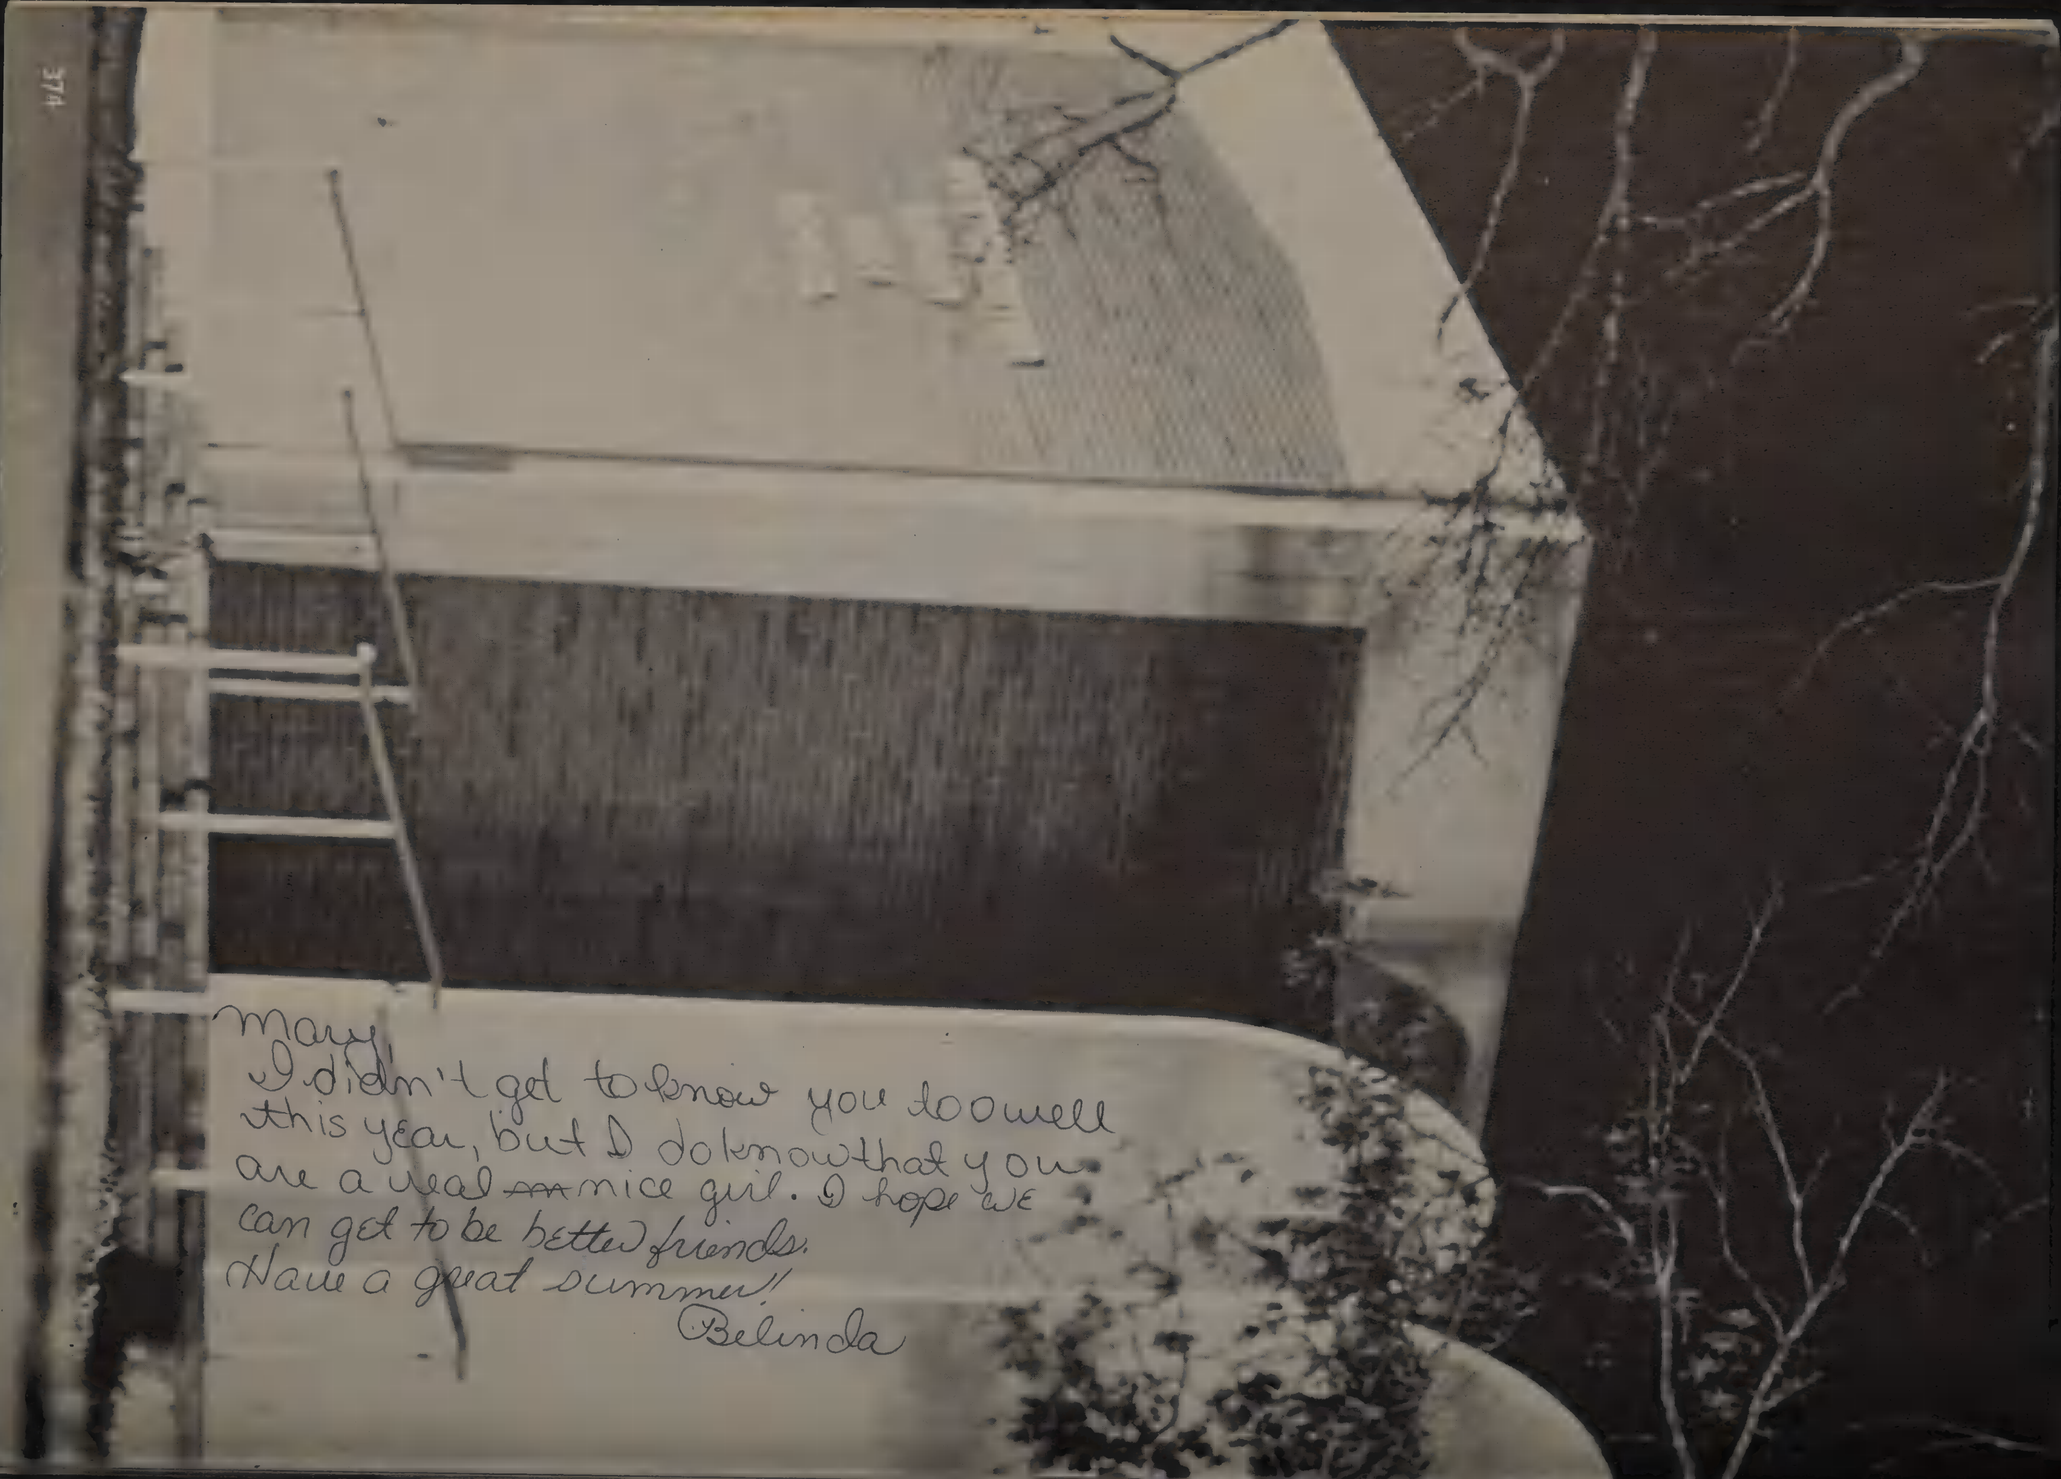
This Was Westchester 1970

The year is finally ended and all that is left now is graduation for the Seniors and the last bell for the rest. We leave with feelings of relief, satisfaction, achievement and extreme gladness. Now all we have left of our 1969-1970 year is a yearbook, one in which we, the staff, hope to have captured the more precious moments.



Mary!
I didn't get to know you too well
this year, but I do know that you
are a real ~~nn~~ nice girl. I hope we
can get to be better friends.
Have a great summer!
Belinda

The staff of the 1970 MIACIS wishes to dedicate this book to their dear friend and former staffer, Margie Atwood. Her achievements were many and her influence great. She helped set up the foundations for the new Student Council here in the summer of 1967, after serving as a Freshman officer and Representative to the Student Council at Memorial. In her Junior year she held the position of Executive Committeeman. She was also with the Drill Team their first year at the S.M.U. Pep Squad and Drill Team School, and also the second year, serving as Staff Sergeant for Company B. She was honored by receiving the Spirit Award given by the Wranglerettes. She was also on the MIACIS staff for two years working with advertising. An avid club goer, she was Secretary for both the English Honor Society and the Future Teachers of America Club. In addition, she was Vice-President of Gamma Sigma Chi. It is because of all these honors and achievements that we feel she deserves the recognition and dedication of this book. Westchester is truly indebted to her for her leadership and influence.

Mary

Acknowledgements

As a result of the help of twenty staffers and five photographers we hope to have conveyed an accurate picture of the 1969-70 school year at Westchester High School. A new decade dawned and from it came the theme of this year's book—the '70's. Special effects in the way of spot color were used for a new look. Also various screens were used to create an unusual type of book. On this page, it is my opportunity to express my appreciation and thanks to those students who put it all together. First, a special thanks goes to LISA BENNETT for the idea of 1970 as the theme of the book. And the photographers—they were invaluable and should receive much more credit than any one person could give. Split thanks go to MRS. TERRY ORR, who pushed us through our first two deadlines and to MRS. NANETTE WIESE, whose persistence got our pages in on time for the last two. And last, but not least to MR. D'EON PRIEST, who deserves a heartfelt thanks for the innumerable hours, both on the phone and here which he spent with us. And a big thanks goes to you—the student, for without you there would not have been a story to be told.

Sincerely,
Becky Jolly, Editor
